

PLEASE HELP THE WORLD ADHESION FOUNDATION PREVENT AND TREAT ADHESIONS

THE WORLD ADHESION FOUNDATION IS A NOT FOR PROFIT ORGANIZATION THAT PROVIDES:

- Information;
- Patient advocates for hospitalized patients suffering from Adhesion Related Disorders (ARDs);
- Education to the medical profession about ARDs; and
- Funding for research to prevent or minimize ARDs.

ADHESIONS:

- Are internal bands of scar tissue that form inside the body due to infection, inflammation, endometriosis, or as areas heal from surgery.
- Cause disturbances in function, including infertility, intestinal obstruction, organ malfunction, chronic, severe pain in virtually any part of the body and may sometimes be fatal.

ADHESION RELATED DISORDERS AFFECT:

- Men, women and children of any race, social or economic background.

CURRENT TREATMENT FOR ADHESIONS:

- Lysis or cutting of the adhesions, which often results in additional adhesions.

OUR GOAL:

- To end the suffering and pain caused by Adhesion Related Disorders
